April 26, 2018**

Overview

- New Tag Numbers
- New Survey Process
- Arkansas Data: MDS Assessment and Care Planning
- Investigative Probes

New Tag Numbers

- F655-Baseline Care Plans
- F656-Comprehensive Care Plan
- F657-Care Plan Revision

Arkansas Data

- 47 Surveys completed using the New LTCSP
- MDS Tags cited 26%
- Care Plan Tags cited 34%

Investigations

Resident Care Area Investigations

- Over 40 Investigative Care Areas with Critical Element Pathways
- Range from Abuse to Bowel and Bladder
- These Pathways outline the necessary observations, interviews and record reviews necessary to thoroughly investigate
- Available on line at CMS.gov and included in the State Operations Manual (Appendix PP) dated Nov. 28, 2017

Investigations

- Majority of time spent observing and interviewing with relevant review of record to complete investigation
- Use Appendix PP and critical elements (CE) pathways

Baseline Care Plan Investigative Probe

3. For newly admitted residents and if applicable based on the concern under investigation, did the facility develop and implement a baseline care plan within 48 hours of admission that included the minimum healthcare information necessary to properly care for the immediate needs of the resident? Did the resident and resident representative receive a written summary of the baseline care plan that he/she was able to understand?

Yes No NA [F655](#)

If No, cite F655

NA, the resident did not have an admission since the previous survey OR the care or service was not necessary to be included in a baseline care plan.

Care Plan Investigative Probe

7. Did the facility develop and implement a comprehensive person-centered care plan that includes measurable objectives and timeframes to meet a resident's medical, nursing, mental, and psychosocial needs and includes the resident's goals, desired outcomes, and preferences?

Yes No NA [F656](#)

If No, cite F656

NA, the comprehensive assessment was not completed.
