

# GET VACCINATED!

## Stopping COVID Starts With YOU

Long Term Care workers will very soon have the opportunity to receive a safe, proven vaccine that gives you protections from COVID-19.

### Why Get Vaccinated?

- It's safe, simple, and free of charge.
- Vaccine manufacturers say clinical trials\* showed the vaccines are highly effective in preventing COVID-19.
- You can do your part to stop the spread of COVID-19 and save lives.
- Protect yourself and your loved ones.
- It's the first step to returning to normal.

For more information, ask your facility administrator.
